EXPERIENCE/SERVICE

- **Coles Marketing | Web Developer** June 2018 - Present
  I develop websites for clients using Wordpress CMS and PHP, as well as with vanilla HTML/CSS/JS

- **Comp Sci Club | President** April 2018 - Present
  I serve as the President of the CS Club at IUPUI. I have put my full effort into growing the CS Club to its fullest potential and expanding its impact at IUPUI.

- **Inventory Manager | School Project** Dec 2017
  I developed a web application using Python's Django to create, manage, and view a company's customers and assets.

- **Node.js Package | easy-log** October 2018
  Unsatisfied with the existing logger modules existing on npm, I created one that did the two things I was looking for: stack tracing, and formatting.
